The resource person given an introduction about their Edureka Learning Centre which is located Chennai. She said that, Edureka is an e-learning platform providing live, online training in trending technologies. It provides comprehensive courses in Big Data & Analytics, Cloud Computing, Programming, Application Development, and other trending technologies. The company was founded in 2011 and is based in Bangalore, Their mission is to provide you with an excellent learning experience and help you attract the jobs of your dreams.

She said that Learning centers are student centered, engaging activities which also self-checking and self- are selecting. The activities are used to focus on a set of skills and deepen the students' knowledge and abilities in that area. Students can work alone, in pairs, or in small groups.

She also said that by enrolling in Edureka Elevate, a learner is guaranteed a starting salary that is 2X to 3X of the average first salary, ensuring that learners are primed for a successful IT career in the long run. Then the Resource Person and our Respected Principal signed the MOU between PERIIT and VEI Technologies.

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

GUEST LECTURE ON "MACHINE LEARNING"

Report

A **Guest Lecture** on the topic "**Machine Learning**" was organized by the Department of Computer Science and Engineering, on 13th February 2023 by 10am. It was organized for the third year students of Computer Science and Engineering department. **Ms. M. Ganga, Machine Learning, RETECH Solutions Pvt Ltd, Chennai** was the guest speaker of the day.

The workshop was conducted in **Conference Hall** at **PERI Institute of Technology** with the students participants were provided with the necessary technical support to take part in the workshop session.

The workshop began with a formal welcome note by Ms. Lavanya B, 3rd year CSE, presided by Mrs. Varalakshmi Krishnan HOD, CSE. The speaker, Ms. S. Ganga accepted the invite. Having years of experience in Machine Learning, she commenced his speech and focused towards how the students should prepare themselves for setting up a successful career. She discussed with the students on effectively planning before starting the actual development. Also she explained the growing technology which enables computers to learn automatically from past data. Also she gave clear points on, how machine learning used for various tasks such as image recognition, speech recognition, email filtering, Face book auto-tagging, and recommender system. She elaborated machine learning algorithms build a mathematical model that helps in making predictions or decisions without being explicitly programmed.

Ms. M. Ganga explained the need for machine learning is increasing day by day. The reason behind the need for machine learning is that it is capable of doing tasks that are too complex for a person to implement directly. She moved on with the performance of the machine learning algorithm depends on the amount of data, and it can be determined by the cost function. With the help of machine learning, how we can save both time and money. She gave some key points which show the importance of Machine Learning: Rapid increment in the production of data, solving complex problems, which are difficult for a human, Decision making in various sector including finance, Finding hidden patterns and extracting useful information from data

She explained from basics up to creating new method with simple concepts and discussing the shortcomings of a finished project can do wonders for future projects that have a similar scope. Then, how the project will be built should be defined. The process continues to analysis, design, program, execution, user satisfaction. This will be followed by deployment so the project will be useful to the clients. The product is maintained for a while until they decide to retire the product.

She elaborated with the highest level of programming and management control. Programmers are more efficient because they are informed and guided on what they should create and why conveyed the importance of Machine Learning and how its applications were in the world is filled with lot more dimensions of usage. To set up a successful career path, today's students must also be out-of-box thinkers in various dimensions.

Memorandum of Agreement for Academic Cooperation

Between

PERI Institute of Technology, Chennai, India

PERI
INSTITUTE OF TECHNOLOGY

And

Faculty of Science and Technology

Universitas Airlangga, Indonesia

Dr. R. PALSON KENNEDY, M.E., Ph.D.
PRINCIPAL
PERI INSTITUTE OF TECHNOLOGY
Mannivakkam, Chennai - 600 048.

THIS MEMORANDUM OF AGREEMENT is made:

BETWEEN

PERI INSTITUTE OF TECHNOLOGY, represented by Dr. R. Palson Kennedy as the Principal of PERI Institute of Technology, whose address is No.1, Near, West Street, Tambaram, Mannivakkam, Tamil Nadu 600048, India. ("PERIIT").

AND

UNIVERSITAS AIRLANGGA, represented by Prof. Dr. Moh. Yasin, M.Si as the Dean of Faculty of Science and Technology, Universitas Airlangga, whose address is at Campus C Universitas Airlangga, Jalan Dr. Ir. H. Soekarno, Mulyorejo, Surabaya 60115, Indonesia ("**UNAIR**").

(Hereinafter referred to singularly as "Party" and collectively as "Parties").

PERI Institute of Technology (PERIIT) and Universitas Airlangga (UNAIR) recognize their strengths in research and education in one or more disciplines of science and engineering and their mutual interest in engaging themselves in academic cooperation.

PERIIT and UNAIR therefore agree to establish a programme for academic cooperation in the areas of mutual interest, and in accordance with terms and conditions set forth in this memorandum of Agreement (MoA).

A. **Objectives**

The goal is to foster collaboration, to provide opportunity for global experience and to facilitate advancement of knowledge on the basis of reciprocity, best effort, mutual benefit, and frequent Interactions. PERIIT and UNAIR agree:

a. To exchange information on research and educational programmes
b. To exchange information on teaching, learning material and other literature relevant to their educational and research programmes
c. To jointly organize short-term continuing education programmes on topics of mutual interest and to invite each other's faculty to participate therein

Dr. R. PALSON KENNEDY, M.E., Ph.D.,
PRINCIPAL
PERI INSTITUTE OF TECHNOLOGY
Mannivakkam, Chennai - 600 048.

d. To jointly organize seminars, conferences, or workshops on topics of mutual interest and to invite each other's faculty to participate therein
e. To jointly propose and engage in research or training programmes sponsored by funding agencies and to invite each other's faculty to participate therein
f. To exchange on a reciprocal basis, students at Undergraduate, Graduate and Doctoral levels for limited periods of time for purpose of education and /or research.

PERIIT and UNAIR further agree that detailed terms and conditions that guide each activity identified above will be separately determined and agreed upon by the two institutions. These terms shall include a technical description of the proposed activity, financial arrangements, and person(s) responsible for its implementation, etc.

B. **Joint Sponsored Research, Development and Consulting**

PERIIT and UNAIR agree to help identify and invite faculty members from the other institution to participate in research or development programmes. The terms and conditions for such participation will be worked out by mutual agreement between PERIIT and UNAIR.

C. **Exchange of Faculty, Scientists and Staff**

PERIIT and UNAIR agree to encourage collaboration between faculty and scientists from the two institutions. Specifically, institutions will encourage members of their faculties to undertake short visits to, or take up fixed-term visiting assignments at each other's institution as per the existing norms.

D. Student Exchange

PERIIT and UNAIR agree that student exchange will be guided by principles listed below. A home institution refers to the institution where a student is a full-time student, and from where he/she is expected to graduate. A host institution refers to an institution that receives a student for a brief period of time to undertake a pre-determined programme of study or research.

a. Exchange students will be selected by mutual agreement between the home institution and the host institution.
b. His/her programme of study at the host institution will be determined by mutual consultation between his/her academic advisor at the home institution and his/her "interim" academic advisor identified by the host institution.

PRINCIPAL
PERI INSTITUTE OF TECHNOLOGY
Mannivakkam, Chennai - 600 048

c. The host institution will evaluate an exchange student's performance in each course or module, award a letter grade or marks, and issue a letter to that effect.
d. The home institution may award to the exchange student credits earned at a host institution, but only after the home institution has established correspondence between courses taken at the host institution vis-a-vis those offered at the home institution.
e. If an exchange student has undertaken research, then the host institution will evaluate the exchange student's performance in the research, and issue a letter to that effect, together with a technical "report" of the research carried out by the student.
f. If an exchange student has undertaken research, then the home institution will take note of the performance evaluation and the technical report, and take steps in accordance with its own procedures.
g. To avail travel expenses, students can apply for existing funding programs at their respective home universities.
h. The exchange students will pay tuition and other fees at their home institution.

E. Exchange of Scientific and Technical Material

PERIIT and UNAIR will exchange information on research and educational programmes and teaching/learning material and other literature relevant to their educational and research programmes. Further, PERIIT and UNAIR agree to explore ways to share teaching/learning material, and other relevant literature, while respecting each other's intellectual property and other rights.

F. Joint Conferences, workshops and short-term courses

PERIIT and UNAIR agree to help identify and invite faculty members from the other institution to participate in conferences, workshops and short-term courses. The terms and conditions for such participation will be worked out by mutual agreement between PERIIT and UNAIR.

G. Intellectual Property

PERIIT and UNAIR agree to respect each other's rights to intellectual property. Further, the intellectual property rights that arise as a result of any collaborative research or activity under this MOA will be worked out on a case-by-case basis, and will be consistent with the officially laid down IPR policies of the two institutions.

Dr. R. PALSON KENNEDY, M.E., Ph.D.
PRINCIPAL
PERI INSTITUTE OF TECHNOLOGY
Mannivakkam, Chennai - 600 048.

H. Co-ordination

Each institution shall appoint one member of its teaching/research faculty to coordinate the programme on its behalf. Further, a coordination committee, consisting of (a) Principal, PERIIT, or his/her nominee, (b) Dean, UNAIR, or his/her nominee, (c) Programme coordinator from the side of PERIIT, and (d) Programme Coordinator from the side of UNAIR, will periodically review and identify ways to strengthen cooperation between the two institutions.

I. Tenure and Termination

This MOA will take effect from the date it is signed by representatives of the two institutions. It will remain valid for five years, and may be continued thereafter after suitable review and agreement. Either institution may terminate the MOA by giving written notice to the other institution six months in advance. Once terminated, neither PERIIT nor UNAIR will be responsible for any losses, financial or otherwise, which the other institutions may suffer. However, PERIIT and UNAIR will ensure that all activities in progress are allowed to complete successfully.

J. Arbitration Clause

Should there be a dispute relating to any aspect of academic cooperation, Principal, PERIIT and Dean, UNAIR will jointly resolve the dispute in a spirit of independence, mutual respect and shared responsibility.

This Memorandum of Agreement is made and signed in identical copies in English and Bahasa Indonesia, as well as any other languages mutually agreed upon by the Parties, by the authorised representative of each university, all texts being equally authentic. In the event of any divergence of interpretation between any of the texts, the English text shall prevail.

REPORT ON EVENT

Department	Electronics and Communication Engineering
Type of Event	Seminar
Title of the Event	**"DIGITAL ELECTRONICS"**
Date and Time	09-02-2023 & 10.00 AM to 1.00 PM
Mode of Event	Google Meet (Online)
Details of Participants	For all ECE Faculties & students
Details of the Resource Person	Name of the Guest Speaker : **Mr. ERWIN SUTANTO** Organization : **University Airlangga, Indonesia** Designation : **Lecturer, Department of Physics**
Report on Event	The Aim of an event was to teach the Basics of Digital Electronics . In the first session of Seminar, the basics of Electronics, Electrical tools essential to build electronic circuits, safety measures to be followed, symbols used to illustrate electronic components and Introduction to CMOS circuits and gates was explained. Seminar was mainly focused on layout of CMOS circuits and logic gates. At the end of program participants were able to sketch the schematic layout of CMOS Gates.
Feedback of the Resource Person	**Mr. ERWIN SUTANTO** observed that the college has a good infrastructure and dedicated staff members. Further, the administrator and the Principal were very innovative and dynamic. So that they have organized the program in an efficient manner. The students are very attentive, creative and dynamic. I pray that the college will start research program in the functioning years.
Outcome of the Event	Enhanced the knowledge in the field of **DIGITAL ELECTRONICS.**

Hands on Training on Arduino on 12.04.2023

On April 12, 2023, in the college's seminar hall, the students and teachers of the Department of Electrical and Electronics Engineering organized the Students Association and a Hands-on Training on Arduino. Dr. R. Palson Kennedy, Principal; Mr. B. MAGESH, Vice Principal; and Mr. E. Elamvasanthan, Hardware Engineer, Foreview Technologies Pvt Ltd, Chennai, launched the association's valedictory celebration.

86 students from the EEE department's second, third, and final years attended this seminar. The latest advancements in Power Electronics and their use with Arduino were introduced to the students. The students learned the fundamentals of power electronics and how to use Arduino throughout this training.

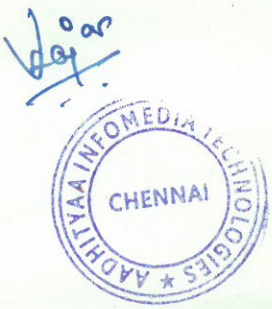
Aadhityaa has been awarded a "Gem of India" award from the hands of his Excellency Shri. Dr. K. Rosaiah, the then Governor of Tamil Nadu, for our product innovations and excellence achieved in IT space.

Aadhityaa has also been assessed, awarded and certified ISO 9001 :2008, by four multi-faceted, multi-National Accreditation Bodies viz., AIAO-BAR, ASCB(E), JAS-ANZ and ANAB continuously and consistently for the past ten years from the year 2004 till date .

Aadhityaa offers courses students in programming papers Mobile Computing, Data Mining, Cloud Computing, Network Security, Web Service, Java and Advanced Java.

Aadhityaa also offers summer internship programmes in Big Data, Hadoop, .Net and Web for engineering students. It also offers exclusive six months of real time project experience to students with Mathematics and Computer Science background.



AREAS OF COLLBORATION

PERI Institute of Technology and Aadhityaa Infomedia Technologies have both here by agree to work together collaborate and support each other for mutual benefits and progress.

- Aadhityaa Infomedia Technologies will be providing the best and most cost effective Information technology solution to the institute.
- Aadhityaa Infomedia Technologies will arrange seminars to students based on the time and availability of experts.
- Aadhityaa Infomedia Technologies will arrange Industrial visit based on mutually convenient dates.
- Aadhityaa Infomedia Technologies will provide special institution prices for procurement of hardware to the institute and would communicate the same directly to the institute.
- Aadhityaa Infomedia Technologies will arrange interviews and place eligible students as much from the college depending on the vacancy requirement and placement criteria.
- Aadhityaa Infomedia Technologies will invite the concerned faculty of the institution for relevant trainings and seminars conducted by RISENGG Tech from time to time.
- Aadhityaa Infomedia Technologies will organize Technology seminar on New Technologies and trends in technologies and HR on the campus.
- This MOU will be valid for 2 years from the date of signing.

Agenda and schedule for the above said activities will be discussed with the PERI Institute of Technology and communicated well in advance. It is also the responsibility of the PERIIT to ensure faculty and students participation for the above activities conducted at PERIIT, on need basis by Aadhityaa Infomedia Technologies.

Aadhityaa Infomedia Technologies and PERI Institute of Technology herby acknowledge that this MOU is only brief statement of the intentions of the parties herein with regard to the areas in which the services are sought and the parties agree that the terms and conditions in respect of the precise scope and extent work to be carried out and manner of execution of such work under each area shall be incorporated by way of a separate correspondence to be exchanged between the parties in relation to above said matters shall

GUEST LECTURE ON "BLOCK CHAIN"

Report

A **Guest Lecture** on the topic "**BLOCK CHAIN**" was organized by the Department of Computer Science and Engineering, on 11th February 2023 by 10am. It was organized for the third year students of Computer Science and Engineering department. **Mr. V.S Rajan, BLOCK CHAIN, Aadhityaa Infomedia Technologies, Chennai** was the guest speaker of the day.

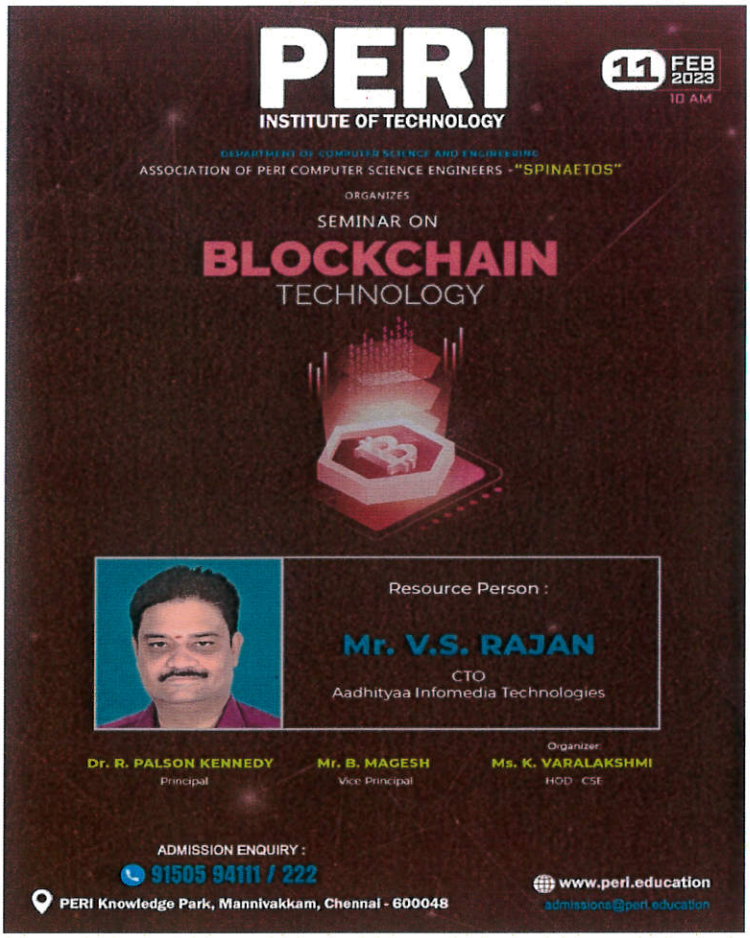

Fig.1 Speaker – Mr. V.S. Rajan

The workshop was conducted in **Conference Hall** at **PERI Institute of Technology** with the students participants were provided with the necessary technical support to take part in the workshop session.

The workshop began with a formal welcome note by Ms. Lavanya B, 3rd year CSE, presided by Mrs. Varalakshmi Krishnan HOD, CSE. The speaker, . **Mr. V.S Rajan** accepted the invite. Having years of experience in Block chain , he commenced his speech and focused towards how the students should prepare themselves for setting up a successful career. he

discussed with the students on effectively planning before starting the actual development. Also he explained the growing technology which enables computers to learn automatically from past data. Also he gave clear points on, how block chain used for transactions and share information securely, tamper resistant. A distributed network of computers maintains the register, and each transactions is verified by consensus among the network participants..

. **Mr. V.S Rajan** explained the need for block chain is increasing day by day. The reason behind the need for block chain is five important block chain benefits. Enhanced security, greater transparency, Instant traceability, increased efficiency and speed, and finally automated transactions. Enhanced data is sensitive and crucial, and blockchain can significantly change how your critical information is viewed. By creating a record that can't be altered and is encrypted end-to-end, blockchain helps prevent fraud and unauthorized activity. Privacy issues can also be addressed on blockchain by anonymizing personal data and using permissions to prevent access. Information is stored across a network of computers rather than a single server, making it difficult for hackers to view data.

He explained about transparency each organization has to keep a separate database. Because blockchain uses a distributed ledger, transactions and data are recorded identically in multiple locations. All network participants with permission access see the same information at the same time, providing full transparency. All transactions are immutability recorded, and are time- and date-stamped. This enables members to view the entire history of a transaction and virtually eliminates any opportunity for fraud.

He conveyed the importance of traceability Blockchain creates an audit trail that documents the provenance of an asset at every step on its journey. In industries where consumers are concerned about environmental or human rights issues surrounding a product or an industry troubled by counterfeiting and fraud — this helps provide the proof. With blockchain, it is possible to share data about provenance directly with customers. Traceability data can also expose weaknesses in any supply chain — where goods might sit on a loading dock awaiting transit. Block chain and how its applications were in the world is filled with lot more dimensions of usage like money transfer, Smart Contracts , Internet of Things healthcare, government . To set up a successful career path, today's students must also be out-of-box thinkers in various dimensions.

The workshop was conducted in **Conference Hall** at **PERI Institute of Technology** with the students participants were provided with the necessary technical support to take part in the workshop session.

The workshop began with a formal welcome note by Ms. Megasri B, 3rd year CSE, presided by Principal Dr. Palson Kennady by felicitating the guest with momento, followed by Mrs. Varalakshmi Krishnan HOD, CSE. The speaker, Mr. A. Vetrivel accepted the invite. Having years of experience in BSNL, he commenced his speech and focused towards how the students should prepare themselves for setting up a successful career. He discussed with the students on Networks with networking process of connection establishment. He explained the the design of physical and logical component. Also Modern-day network solutions deliver more than connectivity. He elaborated the critical design for the digital transformation and success of businesses today.

Mr. A. Vetrivel discussed the types of enterprise computer networks. Creating a network from basic LAN with and without router and modem configuration has been shown in simulation tools. Underlying network capabilities have become more programmable, automated, and secure with Client-server architecture and Peer-to-peer architecture has been explained with real time configuration. He also shown the way the network configured in different ways to get different outcomes. He explained from IPv6 address types and scope and addressing in Global unicast addresses, Unique local addresses, Link-local addresses. He explained the attacks can be based on manipulating headers and how to resolve it. Also how is can minimize by using IP security or IPSec and extension headers. Nevertheless, these solutions do not always work as specific nodes like firewalls can still be overwhelmed

Fig. 2 Dignitaries on the stage

Mr. A. Vetrivel gave detailed real time explanation on using IPv6 addresses in uniform resource locators and IPv6 loopback. With increasing technological advancements, the number of global IPv4 addresses available is nearly depleted, and the need to migrate to IPv6 has become critical

Starting a new Network connection with a simple LAN and discussing the shortcomings of a finished Broadband connection can do wonders for future projects that have a similar scope. Then, how the product will be built should be defined. The process continues to international standard of router modems. This will be followed by deployment so the project will be useful to the users. The product is maintained for a while until they decide to terminate the connectivity.

Dr. R. PALSON KENNEDY, M.E., Ph.D.,
PRINCIPAL
PERI INSTITUTE OF TECHNOLOGY
Mannivakkam, Chennai - 600 048.

He elaborated when IPv6 can provide teams with the highest level of connection and network control. Network administrators are more efficient because they are informed and guided on what they should create and why conveyed the importance of data connection and transmission and how in the world is filled with lot more dimensions of usage. To set up a successful career path, today's students must also be out-of-box thinkers in various dimensions.

Fig. 3 Hands on Discussion with the Guest

The students listened to his words enthusiastically and voiced their doubts during the query session.

The lecture ended with a formal vote of thanks delivered by staff Mrs. Varalakshmi Krishnan, HOD/Assistant Professor CSE, wherein he expressed his gratitude to the guest speaker, Mr. A. Vetrivel, the management and the department for providing such a valuable session.

MEMORANDUM OF UNDERSTANDING

Between

PERI INSTITUTE OF TECHNOLOGY

AND

IPCS GLOBAL

Preamble

PERI INSTITUTE OF TECHNOLOGY and **IPCS GLOBAL** believe that close cooperation between an industry and a technical Institution would be of considerable benefit. The budding Engineers could play a key role in technological upgradation, innovation and competitiveness of an industry. **IPCS GLOBAL** can give valuable inputs to the Institution suitably customize the curriculum and in teaching / training methodology so that the students fit into the industrial scenario meaningfully.

The cooperation will relate to the effective utilization of the intellectual capabilities of the Faculty of **PERI INSTITUTE OF TECHNOLOGY** College providing significant inputs to them in developing suitable systems, keeping in mind the needs of the industry.

22/03/22

Scope of Cooperation

1. Both **PERI INSTITUTE OF TECHNOLOGY** and **IPCS GLOBAL** believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.
2. Industry and institution interaction will give an insight into the latest developments / requirements of the industries. Hence the students can be molded to meet the challenges.
3. The students will be permitted to field visits to increase their knowledge level.
4. Seminars / Webinars / Guest Lectures could be arranged from field personalities to share their knowledge with the students.
5. To have joint meetings with faculty and to discuss various topics and the curriculum requirements relating to the industries.

The Memorandum

This Memorandum of Understanding entered into as of the 22nd day of March 2022 between **PERI INSTITUTE OF TECHNOLOGY,** an Educational institution, situated at PERI Knowledge Park, Mannivakkam, Chennai - 600 048 and represented by **Dr. R. Palson Kennedy** Principal, hereinafter called **PERI** (Which expression shall include its successors and assigns) of the first part;

AND

IPCS GLOBAL, a company registered and having its office at, IPCS Global Old no.3, New no.5 , Bakthavachalam Street, Tambaram West, Chennai - 600045 Mobile - 90921 46664, and represented by, Mr., **Kannadasan.K, Assistant Branch Manager** here in after referred to as **IPCS GLOBAL**, which term shall mean and include, unless repugnant to the context and meaning thereof, its Successors, legal representatives and assigns, of the other part;

Whereas, **PERI** is in the field of education, imparting knowledge to students aspiring to be Engineers and Technologists.

Whereas, **IPCS GLOBAL** is one of the reputed turnkey automation solutions providers and a leading Vocational training company with rich experience.

1. Recognizing the need to cultivate an industry and institution interaction, value addition and perpetual need to keep abreast with latest developments in the field of Automation Technology, the parties have agreed to enter into a **MOU.**

2. **IPCS GLOBAL** shall keep on updating the students of PERIIT College on the latest platforms on the Industrial Automation sector which include
   - Popular hardware and software
   - The Technological advancement
   - Automation solution providers in India
   - Job prospects for the students
   - The exact requirement of skill set expected out of the students

3. **PERI** College shall allow **IPCS GLOBAL** to conduct hands-on training in PLC's, SCADA, HMI, BMS Security and Safety systems, Panel designing, Embedded Systems, Advanced Networking and Python/core. Also conduct other specialized or skill development

REPORT ON THE GUEST LECTURE SESSION ON THE TOPIC INDUSTRY 4.0

With the constant encouragement and support from the PERI Management, the department of Science and Humanities organized a guest lecture session for the first year students of PERI Institute of Technology.

TOPIC : Industry 4.0
Date : April 7, 2022
Resource Person : Mr. D.A. Anand, Territory Technical Head, IPCS Global
Time : 10:30 AM - 12:00 PM
Venue : Conference Hall

ABOUT THE SPEAKER: Mr. D. A. Anand is the Territory Technical Head of IPCS Global. He has 11 years of experience in Automation and Electrical Industry. He has handled various responsibilities in Operation and Maintenance of thermal power plants and is involved in the erection and commissioning of 25kv Traction substation and overhead electrification for railway projects. He has been a PLC programmer for various industrial automation projects and also has conducted various Industrial automation Guest lecture, seminar and other training programs in many of the Engineering Colleges in TamilNadu.

ABOUT THE GUEST LECTURE: Mr. D.A. Anand started the presentation with full zeal explaining the basics of the industry environment and industrial automation. He stressed on the importance of automation in the industries and the usage of it. He describes a wide range of technologies that reduce human intervention in processes. Human intervention is reduced by predetermining decision criteria, subprocess relationships and related actions and embodying those predeterminations in machines. He advised the students to use their internet in a productive way. He also insisted on the students to grab knowledge on all the topics of engineering. He kindled the interest of students and kick started their thirst for other fields.

ABOUT THE PROGRAM: The Industry 4.0 session was conducted in a conference hall and the information was shared priory to all the faculty members and students. Above 100 participants attended the session and utilized its information. Mrs. R. Pooja Assistant Professor, Department of English welcomed the gathering and after the presentation Mr. K. Sudharshan, a student of I ECE delivered the Vote of Thanks. The Automation session provided the message of how one should upgrade their skills in accordance to the fast changing industrial environment.

MEMORANDUM OF UNDERSTANDING

This MEMORANDUM OF UNDERSTANDING (MOU) is executed at Chennai on this 16th March 2022.

BETWEEN

PERI INSTITUTE OF TECHNOLOGY represented by its **Principal, Dr. R. PALSON KENNEDY**, having its office at PERI Knowledge Park, Mannivakkam, Chennai - 600 048, hereinafter referred to as **"PERI Institute of Technology"** (which expression shall unless repugnant to the context or meaning thereof include its authorized representatives, executors, and assigns) of the **"ONE PART"**.

AND

KAASHIV INFOTECH represented by its **CEO, Mr. Venkatesan Prabu, Managing Director** , having its registered office 16/1, Radial colony, Collector Nagar, Anna Nagar West, Chennai - 600040., of the **"OTHER PART"**.

'WHEREAS the PERI Institute of Technology is one of the pioneer education and institutions in India accorded with high accreditations with national and international bodies and it is also having a state of-the-

art Central Research Facility capable of undertaking various research activities and,

WHEREAS, PERI Institute of Technology and KAASHIV INFOTECH are desirous of executing a Memorandum of Understanding(MoU) to synergize the expertise, knowledge and infrastructure available in each organization for carrying out consulting assignments and training programs for the benefit of Students, Working Professionals and Industries, the primary focus area of collaboration shall be on achieving highest level of process excellence in industrial projects carried out by students along with significant cost savings and operational efficiencies.

WHEREAS both the parties hereto have agreed to work together so as to collaborate in the identified areas of mutual interest, in consideration of premises subject to the terms and conditions set forth herein below,

NOW THIS DEED WITNESSENTH AND THE PARTIES HERETO AGREE AS FOLLOWS:

1. SCOPE OF THE MOU:

a. Student Internships:

Industry will accept limited number of students each year for internships to train them in industrial processes. There will be no obligation on part of the company to pay remuneration to the students at the time of internship or to guarantee them employment on completion of internship. PERI Institute of Technology agrees to depute a responsibility faculty to monitor

periodically the progress of students and ensure their disciplinary behaviour meeting with industry norms and regulations. Industry will give an attendance cum performance review report to be submitted by student to PERI Institute of Technology

b. Industrial Consultancy: KAASHIV INFOTECH will refer a few engineering problems (3D printer, Robotics, Drones, etc) that may be taken up as student projects at PERI Institute of Technology. The outcome of the projects will be shared between the relevant technical experts at PERI Institute of Technology and KAASHIV INFOTECH. Financial costs involved towards completion of any project will be agreed upon prior to commencement of project.

c. Expert committees - Experts and experienced professionals from KAASHIV INFOTECH will be invited to be members of various statutory committees of the University after mutual acceptance. Participation of the experts will be on an honorary and advisory basis only. d. Industry relevant refresher courses and continuing education for employees: On request from KAASHIV INFOTECH, PERI Institute of Technology will undertake to conduct continuing education programmes tailor made for the requirements, for all categories of employees of KAASHIV INFOTECH. PERI Institute of Technology will also give limited preference to admission of interested employees of KAASHIV INFOTECH for part-time PG and PhD programmes, subject to meeting the admission eligibility criteria of the University. Separate Supplementary agreements will be made before organizing any such programmes by PERI Institute of Technology.

2. RESPONSIBILITIES :

PERI Institute of Technology and the KAASHIV INFOTECH will jointly organize and conduct programs relating to the training of students as well as service oriented programs including staffs. TENURE AND **TERMINATION:**

1. This MOU will be in force for a period of 2 years with effect from the date of execution and it may be renewed thereafter, in writing, on mutual consent of the parties hereto. No separate notice is required to terminate the MOU after its expiry.

2. Notwithstanding the tenure of the MOU, either party is entitled to terminate this MOU by giving one month prior notice, in writing, to the other party. However, both parties will ensure that all activities in progress, as of the date of such prior termination of this MOU, are completed as per the terms specified herein or as agreed to by the parties specifically in the communications exchanged between them.

3. FINANCIAL COMMITMENTS

For the purpose of signing the MoU, there shall be no financial obligations from both parties under this MoU. However financial obligations, if any for any specific project (Training / Consulting) shall have to be approved by competent authorities of both parties, as and when proposed.

4. CONFIDENTIALITY:

Both the Parties will protect the Confidential Information which may be received by a Party in pursuance of this MOU and keep confidentiality of the same with the same degree of care as each Party would take in respect of its own confidential information. The Parties will use such confidential information only to serve the purpose for which it was intended and furnished to the other Party. The obligation of confidentiality under this MOU will continue for five (5) years from the date of expiration or prior termination of this MOU.

Provided that the obligation of confidentiality will not be applicable where i. Disclosure of such information is required by law, rules or regulations, or

ii. It is known by the concerned Party without restriction prior to disclosure under this MOU; or

iii. It is disclosed to the concerned Party by a third party without an obligation of confidentiality; or

iv. It is available to the public through no fault of the concerned Party; or

v. It is independently developed by the concerned Party without knowledge or use of the confidential information disclosed to it under this MOU.

5. ARBITRATION

Every dispute, difference, or question which may, at any time, arise between the parties hereto or any person claiming under them, in respect of any clause of this MOU shall be referred to a single arbitrator appointed by the PERI Institute of Technology. The Arbitration shall be held at Chennai and accordance with the Arbitration and Conciliation Act 1996.

6. AMENDMENTS

This MOU shall constitute the entire understanding between the parties and supersede all prior or contemporaneous communications. All amendments to the MOU shall be in writing, duly signed by the parties to this MOU IN WITNESS WHEREOF, THE PARTIES HERETO HAVE SIGNED THIS MEMORANDUM OF UNDERSTANDING ON THE DAY, MONTH AND YEAR FIRST ABOVE WRITTEN.

MEMORANDUM OF UNDERSTANDING

This MEMORANDUM OF UNDERSTANDING (MOU) is executed at Chennai on this 9.3.2022

BETWEEN

PERI INSTITUTE OF TECHNOLOGY represented by its **Principal, Dr. R. PALSON KENNEDY**, having its office at PERI Knowledge Park, Mannivakkam, Chennai - 600 048, hereinafter referred to as **"PERI Institute of Technology"** (which expression shall unless repugnant to the context or meaning thereof include its authorized representatives, executors, and assigns) of the **"ONE PART"**.

AND

PRINCE INFOTECH represented by its **CEO, Mr. AZHARUDDIN A**, having its registered office no: 96, Great Southern Trunk Rd, Guduvanchery, Tamil Nadu 603202, of the **"OTHER PART"**.

'WHEREAS the PERI Institute of Technology is one of the pioneer education and institutions in India accorded with high accreditations with national and international bodies and it is also having a state of-the-art Central Research Facility capable of undertaking various research activities and,

WHEREAS, PERI Institute of Technology and PRINCE INFOTECH are desirous of executing a Memorandum of Understanding(MoU) to synergize the expertise, knowledge and infrastructure available in each organization for carrying out consulting assignments and training programs for the benefit of Students, Working Professionals and Industries, the primary focus area of collaboration shall be on achieving highest level of process excellence in industrial projects carried out by students along with significant cost savings and operational efficiencies.

WHEREAS both the parties hereto have agreed to work together so as to collaborate in the identified areas of mutual interest, in consideration of premises subject to the terms and conditions set forth herein below,

NOW THIS DEED WITNESSENTH AND THE PARTIES HERETO AGREE AS FOLLOWS:

1. SCOPE OF THE MOU:

a. Student Internships:

Industry will accept limited number of students each year for internships to train them in industrial processes. There will be no obligation on part of the company to pay remuneration to the students at the time of internship or to guarantee them employment on completion of internship. PERI Institute of Technology agrees to depute a responsibility faculty to monitor

periodically the progress of students and ensure their disciplinary behaviour meeting with industry norms and regulations. Industry will give an attendance cum performance review report to be submitted by student to PERI Institute of Technology

b. Industrial Consultancy: PRINCE INFOTECH will refer a few engineering problems (3D printer, Robotics, Drones, etc) that may be taken up as student projects at PERI Institute of Technology. The outcome of the projects will be shared between the relevant technical experts at PERI Institute of Technology and PRINCE INFOTECH. Financial costs involved towards completion of any project will be agreed upon prior to commencement of project.

c. Expert committees - Experts and experienced professionals from PRINCE INFOTECH will be invited to be members of various statutory committees of the University after mutual acceptance. Participation of the experts will be on an honorary and advisory basis only. d. Industry relevant refresher courses and continuing education for employees: On request from PRINCE INFOTECH, PERI Institute of Technology will undertake to conduct continuing education programmes tailor made for the requirements, for all categories of employees of PRINCE INFOTECH. PERI Institute of Technology will also give limited preference to admission of interested employees of PRINCE INFOTECH for part-time PG and PhD programmes, subject to meeting the admission eligibility criteria of the University. Separate Supplementary agreements will be made before organizing any such programmes by PERI Institute of Technology.

2. RESPONSIBILITIES :

PERI Institute of Technology and the PRINCE INFOTECH will jointly organize and conduct programs relating to the training of students as well as service oriented programs including staffs. TENURE AND **TERMINATION:**

1. This MOU will be in force for a period of 3 years with effect from the date of execution and it may be renewed thereafter, in writing, on mutual consent of the parties hereto. No separate notice is required to terminate the MOU after its expiry.

2. Notwithstanding the tenure of the MOU, either party is entitled to terminate this MOU by giving one month prior notice, in writing, to the other party. However, both parties will ensure that all activities in progress, as of the date of such prior termination of this MOU, are completed as per the terms specified herein or as agreed to by the parties specifically in the communications exchanged between them.

3. FINANCIAL COMMITMENTS

For the purpose of signing the MoU, there shall be no financial obligations from both parties under this MoU. However financial obligations, if any for any specific project (Training / Consulting) shall have to be approved by competent authorities of both parties, as and when proposed.

4. CONFIDENTIALITY:

Both the Parties will protect the Confidential Information which may be received by a Party in pursuance of this MOU and keep confidentiality of the same with the same degree of care as each Party would take in respect of its own confidential information. The Parties will use such confidential information only to serve the purpose for which it was intended and furnished to the other Party. The obligation of confidentiality under this MOU will continue for five (5) years from the date of expiration or prior termination of this MOU.

Provided that the obligation of confidentiality will not be applicable where— i. Disclosure of such information is required by law, rules or regulations, or

ii. It is known by the concerned Party without restriction prior to disclosure under this MOU; or

iii. It is disclosed to the concerned Party by a third party without an obligation of confidentiality; or

iv. It is available to the public through no fault of the concerned Party; or

v. It is independently developed by the concerned Party without knowledge or use of the confidential information disclosed to it under this MOU.

5. ARBITRATION

Every dispute, difference, or question which may, at any time, arise between the parties hereto or any person claiming under them, in respect of any clause of this MOU shall be referred to a single arbitrator appointed by the PERI Institute of Technology. The Arbitration shall be held at Chennai and accordance with the Arbitration and Conciliation Act 1996.

6. AMENDMENTS

This MOU shall constitute the entire understanding between the parties and supersede all prior or contemporaneous communications. All amendments to the MOU shall be in writing, duly signed by the parties to this MOU IN WITNESS

WHEREOF, THE PARTIES HERETO HAVE SIGNED THIS MEMORANDUM OF UNDERSTANDING ON THE DAY, MONTH AND YEAR FIRST ABOVE WRITTEN.

REPORT ON EVENT

Department	Electronics and Communication Engineering
Type of Event	Workshop
Title of the Event	**"MOBILE TECHNOLOGY"**
Date and Time	20-09-2022 & 10.00 AM to 1.00 PM
Mode of Event	Offline
Details of Participants	For all ECE students
Details of the Resource Person	Name of the Guest Speaker : **Dr.G Gopirajan & Mr B Prabhu** Organization : **Shri Harshika Institute of Technical and Health Education, Chennai.** Designation : **Director, Sr.Technical Engineer**
Report on Event	In this workshop students learnt how to develop simple mobile applications. The first app developed by students is to display a simple message. From this they are familiar with how to create an app, and run the app. The second app developed by students is to display the contents in the text box as simple text. From this, they learnt how to use the components in the app development and also learnt to code for that app. The third app developed by the student is simple addition calculation. Students felt that this workshop on android mobile app development was very much useful for them and they got the basic idea for developing mobile application. It is planned to extend this in the next semester with some medium level of application development.
Feedback of the Resource Person	**Dr.G Gopirajan** wishes the Management, Faculties, Staffs and students of this college. **Mr B Prabhu** was very much impressed by the college ambience, competent faculty and infrastructure.
Outcome of the Event	Enhanced the knowledge in the field of **"MOBILE TECHNOLOGY"**

workshops and internships for students in various domains in various colleges all around the Tamil Nadu.

Session Day 1

The session started with the speaker**Mrs. P. SHOBANA PRITHA**. She started the brief introduction about AI and the way through which the AI evolved in the World. She also explained about the communication between the AI and the Human Brain and the way through which the functions of AI works. She also discussed about the interaction of AI which evolves the human brain to do things like, Human to think like Human beings etc…

She end the day 1 session by saying "Anything that could give rise to smarter-than-human intelligence - in the form of Artificial Intelligence, brain-computer interfaces, or neuroscience-based human intelligence enhancement-wins hands down beyond contest as doing the most to change the world. Nothing else is even in the same league."

Session Day 2

Hands on Training

Students started to learn the AI through hand practice mode, Trainer thought the students to develop a game using the AI domain which will contains the Multiplayer or playing with the Computer itself.

Block Game

Trainer had given the colour combination blocks game and they asked the students to change the colour of the blocks and also they asked students to change the coding for the shapes and to set background for the game.

Session Day 3

Trainer had given coding's to students which are related to games and asked them to do the changes in the coding so that they can get deep learning in the AI coding's. Trainer had given Ludo game basic coding and they asked the students to creating the board, moving the buttons, they also to change the colours of the board, buttons , movement etc.

Trainer had also given the coding's for creating the chess game where the students are asked asked to combine the coding's for the game and the movement of the chess pieces in the direction to which they can win the game.

Session Day 4

On day 4, the trainer said about what are the different types of AI such as General AI, Narrow AI and Strong AI.

She said to the students about the differences. Narrow AI is programmed to operate within a set of pre-defined functions to complete or address a specific problem. Strong AI will have a mind of its own and will be able to accomplish any type of task that its 'mind' can envision.

She also said, while narrow AI refers to where artificial intelligence has reached today, general AI refers to where it will be in the future. Also known as artificial general intelligence (AGI) and strong AI, general artificial intelligence is a type of AI that can think and function just as humans do.

Session Day 5

Trainer said that to the students, by discussing various applications and the technologies of the AI, students had done some hands on practice programs such as games, quiz, and so on. Students also done many more projects for a whole day such as currency converter, password manager, path finder, nba score, solar system etc....

Session Day 6

The students presented their AI oriented projects one by one and also presented their models in front of the trainers and faculties. Each team is given a 15 minutes to present their project.

MOU SIGNING AND WORKSHOP ON "ARTIFICIAL INTELLIGENCE"

Report

A One week **Workshop** on the topic "**Artificial Intelligence**" was organized by the Department of Computer Science and Engineering, through Institute Industrial Interaction Cell (IIIC), on 26th September 2022 by 09.00 am. It was organized to the Third year students of Computer Science and Engineering department. **DR. B. Ezhilavan, Founder & CEO, VEI Technologies, Pvt Ltd, Chennai** was the guest speaker of the day and the Trainer's members are **P. Shobana Pritha** and **Mr. Mukesh**.

Session Day 1

The session started with the speaker **Mrs. P. SHOBANA PRITHA**. She started the brief introduction about AI and the way through which the AI evolved in the World. She also explained about the communication between the AI and the Human Brain and the way through which the functions of AI works. She also discussed about the interaction of AI which evolves the human brain to do things like, Human to think like Human beings etc.

She said that, the ability of a digital computer or computer-controlled robot to perform tasks commonly associated with intelligent beings and the term is frequently applied to the project of developing systems endowed with the intellectual processes characteristic of humans, such as the ability to reason, discover meaning, generalize, or learn from past experience.

She end the day 1 session by saying "Anything that could give rise to smarter-than-human intelligence - in the form of Artificial Intelligence, brain-computer interfaces, or neuroscience-based human intelligence enhancement-wins hands down beyond contest as doing the most to change the world. Nothing else is even in the same league."

Session Day 2

Hands on Training

Students started to learn the AI through hand practice mode, Trainer thought the students to develop a game using the AI domain which will contains the Multiplayer or playing with the Computer itself.

Block Game

Trainer had given the colour combination blocks game and they asked the students to change the colour of the blocks and also they asked students to change the coding for the shapes and to set background for the game.

Planet Simulation Game

Trainer had given planet simulation game where the planets revolve around the sun, and they asked the students to change the Coding's for the colour of the planets revolution, set background for the game, and also asked to change the code, so that when the students touches the screen it would show the planets Latitude and Longitude.

Session Day 3

Trainer had given coding's to students which are related to games and asked them to do the changes in the coding so that they can get deep learning in the AI coding's.

Trainer had given Ludo game basic coding and they asked the students to creating the board, moving the buttons, they also to change the colours of the board, buttons , movement etc.

Session Day 4

On day 4, the trainer said about what are the different types of AI such as General AI, Narrow AI and Strong AI.

She said to the students about the differences. Narrow AI is programmed to operate within a set of pre-defined functions to complete or address a specific problem. Strong AI will have a mind of its own and will be able to accomplish any type of task that its 'mind' can envision.

She also said, while narrow AI refers to where artificial intelligence has reached today, general AI refers to where it will be in the future. Also known as artificial general intelligence (AGI) and strong AI, general artificial intelligence is a type of AI that can think and function just as humans do.

Session Day 5

Trainer said that to the students, by discussing various applications and the technologies of the AI, students had done some hands on practice programs such as games, quiz, and so on. Students also done many more projects for a whole day such as currency converter, password manager, path finder, nba score, solar system etc....

REPORT ON EVENT

Department	Mechanical Engineering
Type of Event	Work Shop
Title of the Event	Reverse Engineering and GD&T Application
Date and Time	17-08-2022 & 09.30 AM to 11.30 AM
Mode of Event	Offline (Conference Hall)
Details of Participants	Mechanical Engineering Students
Details of the Resource Person	Name of the Resource Person: Mr. C. Murugan Organization: PUMO Technovation India Pvt. Ltd. Designation: Technical Manager
Report on Event	The Workshop was conducted in an offline mode. The students of Mechanical Engineering have attended the workshop and understood different types of reverse engineering and how to extract the information on surface and GD&T data. The student knows about the dimensional measurements in a DXF, STP or IGES file. The students have enthusiastically participated and practiced the models. They can apply the knowledge what they have learnt in the workshop.
Outcome of the Event	Enhancement of knowledge in the field of Reverse Engineering and Geometric Dimensioning and Tolerance.

Memorandum of Understanding

AMONG
M/S. VISION DEFENCE INSTITUTE -
M/S. PERI INSTITUTE
ON
DEFENCE CLUB at PERI INSTITUTE

This Memorandum of Understanding (MoU) sets for terms and understanding between the **VISION DEFENCE INSTITUTE** and the **PERI INSTITUTE** for Defence career awareness/ Defence exam and Iterview training for students at PERI Institute.

PURPOSE OF MOU

The purpose of this MOU is to establish the terms and condition under which the Vision Defence institute shall provide support for the defence awareness program to Peri Institute.

Dr. R. PALSON KENNEDY, M.E., Ph.D.
PRINCIPAL
PERI INSTITUTE OF TECHNOLOGY
Mannivakkam, Chennai - 600 048.

TERMS AND CONDITIONS

1. Vision Defence Institute shall be a knowledge and supporting partner for the Defence club activities of the college for encouraging students at the college to join as officers in the defence forces.
2. Vision Defence Institute shall serve as knowledge, career, and training partner for the defence club of the college.
3. Vision Defence Institute and college shall create awareness programs on opportunities in defence forces to the students of PERI Institute.
4. Vision Defence Institute and PERI Institute shall set up SSB workshops which may include Motivations talks, Quiz competition, awareness on defence related exams and other foundational approach for competitive exams.
5. Vision Defence Institute shall train candidates for defence exams as per the convenience of the PERI Institute and Vision Defence Institute.
6. Vision Defence Institute shall conduct activities that would promote participation of candidates in defence related exams and SSB interview.
7. If the conditions are feasible Vision Defence Institute shall make arrangements for the students of PERI Institute for visit in OFFICER TRAINING ACADEMY-CHENNAI.
8. The above stated activities shall be carried out as per the convenience of Vision Defence Institute and PERI Institute on campus or off campus.
9. Vision Defence Institute android application shall be utilized for awareness and training purposes on cost agreed upon by both the parties as agreed.
10. Vision Defence Institute coaching services shall be made available for college students at an agreed cost by the both the parties.
11. Training and program organizing venue could be on campus or off campus fixed from time to time based on the requirements as agreed upon by both parties.
12. Except for seminars, webinars, and motivational presentations by notable figures, all training activities, workshops, and exhibitions will be covered by operating costs agreed upon by both organizations.

REPORT ON EVENT

Department	Internal Quality Assurance Cell
Type of event	Guest Lecture
Title of the event	Challenges in Design & Development of Mechanical System for Aero Application
Date and time	24-03-2022 & 10.00 am
Mode of event	Offline
Details of participants	Mechanical and Electronics and Communication Engineering Students
Details of the resource person	Name Of The Resource Person: Dr S Krishnakumar and Dr S Nagesh Organization: Ministry of Defence. DRDO, Avadi Chennai Designation: Scientist 'F' Project Director
Report on Event	The chief guest explained about the challenges that mechanical engineers facing in designing the mechanical components for aero application. Mechanical design for aerospace systems is a multifaceted process that integrates various engineering disciplines to create safe, efficient, and reliable components and structures. The principles of mechanics, materials, thermodynamics, fluid dynamics, and control are applied to combine the requirements of the aerospace project. Mechanical design also considers the environmental, operational, and regulatory factors that affect the aerospace system, such as aerodynamics, loads, vibrations, noise, heat, corrosion, and fatigue. Various tools and techniques can be used by the mechanical engineers to perform mechanical design, such as computer-aided design (CAD), finite element analysis (FEA), computational fluid dynamics (CFD) and optimization algorithms. He has also explained the career opportunities for them in aero industry. He included that mechanical design and analysis are essential skills for mechanical engineers who would like to work in the aerospace industry.
Outcome of the Event	This session enhanced the knowledge in the field Aerospace Industry

INTRODUCTION

The Department of Mechanical Engineering of PERI Institute of Technology has organized a one-day Technical Webinar "Optimization Techniques in Ansys" on 12.06.2020 – 11 AM to 12 Noon in Google Meet online platform for all the Engineering college students. The Speaker for this event was "Mr. G. Nagendran – Director, CADDAM Technologies Pvt. Ltd.,." The Webinar was conducted successfully with the presence of the Head of the Department of Mechanical Engineering and other faculties of PERI Institute of Technology. Mr. Vinoth Kanna. I, & Mr.Prabhakaran, Assistant Professor of Mechanical engineering who Coordinate the program throughout and Mr. Vignesh.A.R Assistant Professor of Mechanical engineering who host the program with the support of all the faculties of Mechanical Engineering of PERI Institute of Technology.

EVENT DETAILS

The Webinar was conducted online Google Meet Platform as well as YouTube Live Stream on the topic of "OPTIMIZATION TECHNIQUES IN ANSYS"on 12.06.2020 – 11 AM to 12 Noon by the honorable Chief guest "Mr. G. Nagendran – Director, CADDAM Technologies Pvt. Ltd.

STRUCTURE OF THE EVENT

1. 10.55 AM – 11.00 AM : Welcome Address by the host
2. 11.00 AM – 12.25PM : Speech given by Chief guest
3. 12.25PM – 12.30 PM :Q&A Session (Chief guest Interaction with the Participants)
4. 12.30 PM – 12.35 PM : Vote of Thanks by HOD – Mechanical.

EVENT SUMMARY

The flyer was created by the faculty of Mechanical Engineering and the same circulated to all the Engineering Colleges irrespective of the State. The Registration link was created along with the flyer. Interested participants are asked to registered through that link at free of cost. The link was enabled upto 12.06.2020 – 9.00 AM. Totally 100 candidates were registered. The webinar

INTRODUCTION TO PARAMETER MANAGEMENT

❑ Parameter management is analysis techniques to get required results (Stress, Deformation etc..) for given parameter set. Parameter will be geometrical dimensions or results

❑Advantages:

- •No need to solve solution to reduced stress or deformation
- •Reduce design iteration times
- •Change thickness of multiple components

INTRODUCTION

➢ A shock absorber or damper is a mechanical device designed to smooth out or damp shock impulse, and dissipate kinetic energy .

➢ Pneumatic and hydraulic shock absorbers commonly take the form of a cylinder with a sliding piston inside. The cylinder is filled with a fluid (such as hydraulic fluid) or air. This fluid-filed piston/cylinder combination is dashpot.

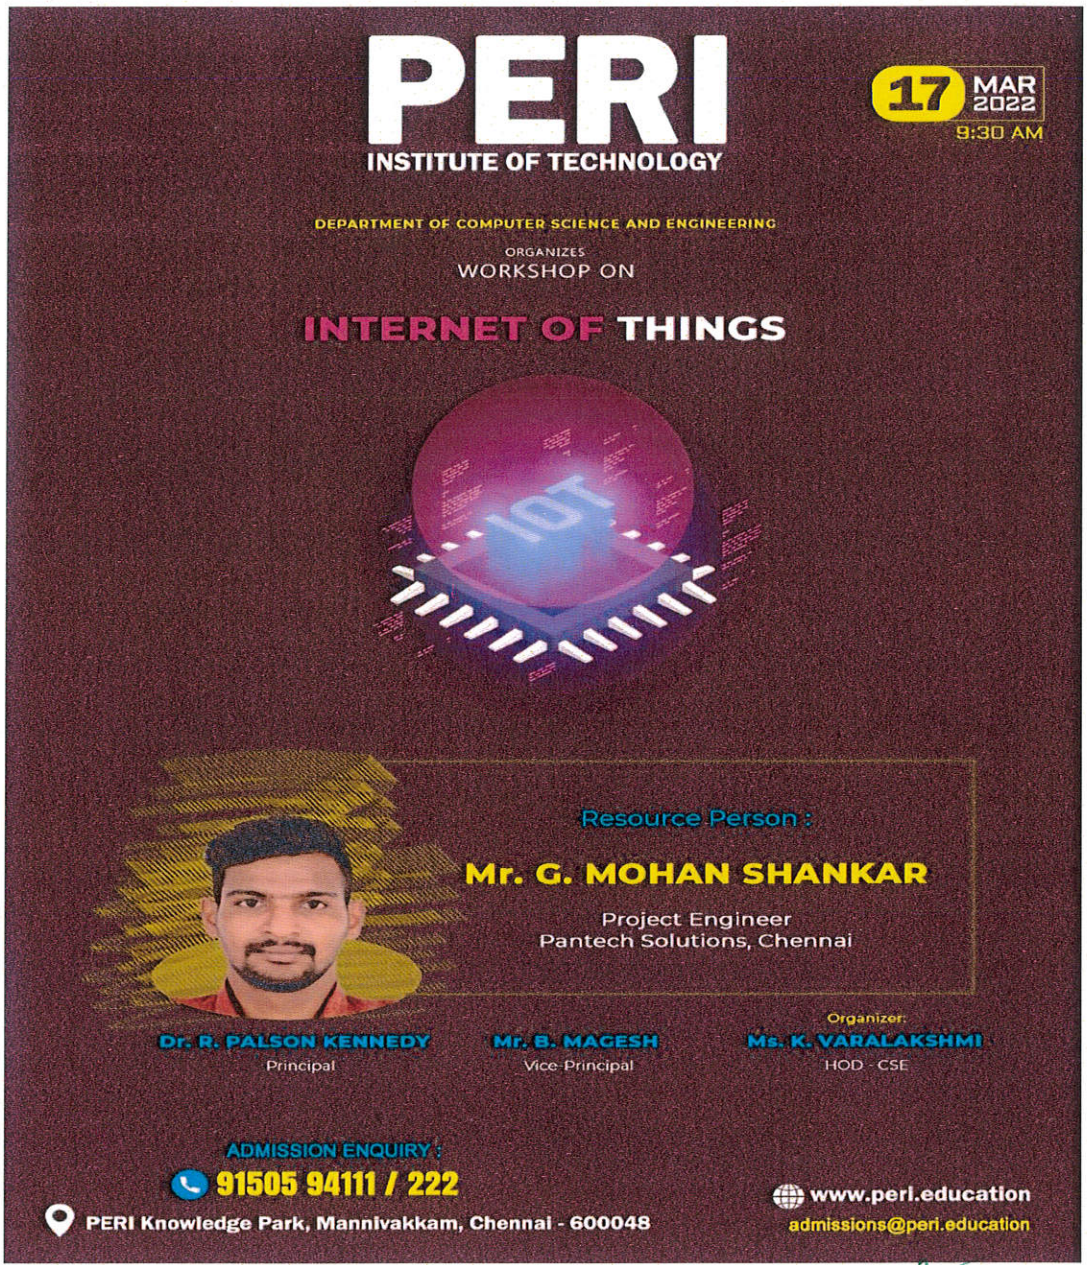
Report

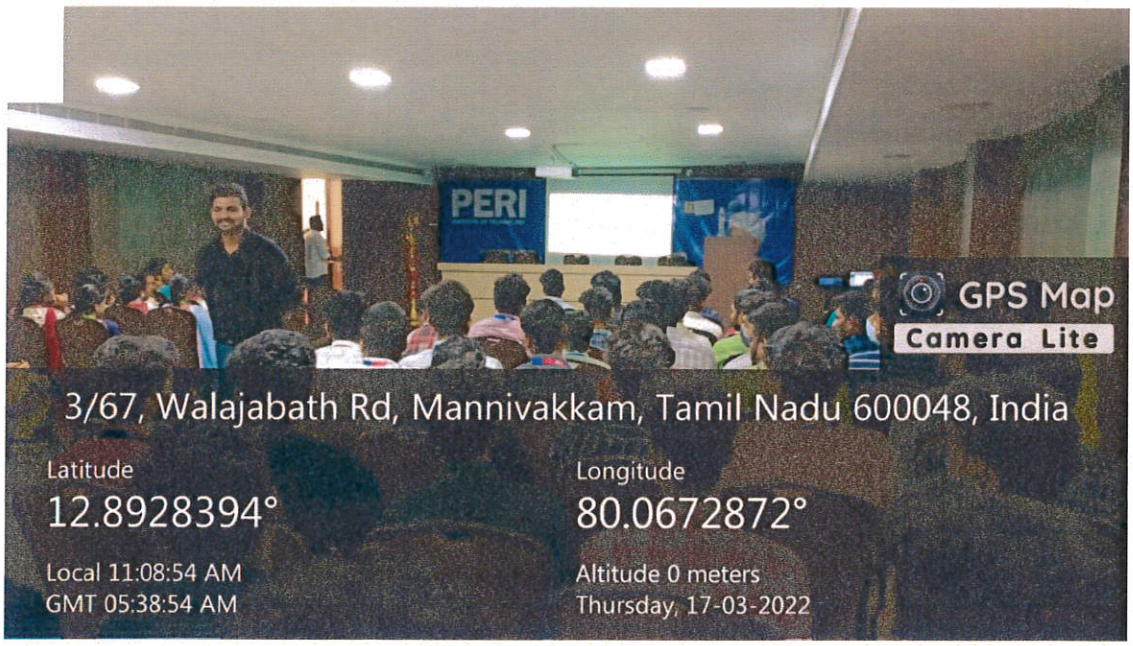
A Workshop on the topic "**Internet of Things and its Applications**" was organized by the Department of Computer Science and Engineering, on 17th March 2022 by 9.30am. It was organized for the third year students of Computer Science and Engineering department. **Mr. G. Mohan Shankar, Project Engineer, Pantech Solutions, Chennai** was the guest speaker of the day.



Dr. R. PALSON KENNEDY, M.E., Ph.D.,
PRINCIPAL
PERI INSTITUTE OF TECHNOLOGY
Mannivakkam, Chennai - 600 048.

The workshop was conducted in **PERI INSTITUTE OF TECHNOLOGY** campus at **Conference Hall** with the students participants were provided with the necessary technical support to take part in the workshop session.

The workshop began with a formal welcome note by Ms. Swetha, 3rd year CSE, presided by Mrs. Varalakshmi Krishnan HOD, CSE. The speaker, Mr. G. Mohan Shankar accepted the invite. Having years of experience in IOT, he commenced his speech and focussed towards how the students should prepare themselves for setting up a successful career. He discussed with the students on the ability to transfer data over a network without requiring human-to-human or human-to-computer interaction and proceed with an IOT ecosystem consists of web-enabled smart devices that use embedded systems, such as processors, sensors and communication hardware, to collect, send and act on data they acquire from their environments. He elaborately explained how IOT devices share the sensor data they collect by connecting to an IoT gateway



Mr. G. Mohan Shankar explained and provided the emerging IoT standards, IPv6, ZigBee, LiteOS, Data Distribution Service (DDS), Advanced Message Queuing Protocol (AMQP), Constrained Application Protocol (CoAP), . He also gave students the outline of Frameworks usage in Amazon Web Services (AWS) IoT, Arm Mbed IoT, Microsoft's Azure IoT, Google's Brillo/Weave, Brillo, Calvin

Dr. R. PALSON KENNEDY, M.E., Ph.D.,

He insisted that the students must know about the various Frameworks usage in Amazon Web Services (AWS) IoT, Arm Mbed IoT, Microsoft's Azure IoT, Google's Brillo/Weave, Brillo, Calvin and how much the companies are looking forward the candidate having knowledge on IOT Applications. That would help the students to get place in the top companies in the field of IOT and his speech motivated the students and increases their confident level of getting placed in reputed companies.

He conveyed the importance of IOT and and how its applications were in the world is filled with lot more dimensions of usage. To set up a successful career path, today's students must also be out-of-box thinkers in various dimensions.

The students listened to his words enthusiastically and voiced their doubts during the query session.The lecture ended with a formal vote of thanks delivered by staff Mrs. Varalakshmi Krishnan, HOD/Assistant Professor CSE, wherein he expressed his gratitude to the guest speaker, Mr. G. Mohan Shankar, the management and the department for providing such a valuable session.

MEMORANDUM OF UNDERSTANDING

Between

PERI INSTITUTE OF TECHNOLOGY

AND

SREE TECHNOLOGIES

Preamble

PERI INSTITUTE OF TECHNOLOGY and **SREE TECHNOLOGIES** believe that close cooperation between an industry and a technical Institution would be of considerable benefit. The budding Engineers could play a key role in technological up gradation, innovation and competitiveness of an industry. **SREE TECHNOLOGIES** can give valuable inputs to the Institution suitably customize the curriculum and in teaching / training methodology so that the students fit into the industrial scenario meaningfully.

The cooperation will relate effective utilization of the intellectual capabilities of the Faculty of **PERI INSTITUTE OF TECHNOLOGY** College providing significant inputs to them in developing suitable systems, keeping in mind the needs of the industry.

DR. R. PALSON KENNEDY, M.E., Ph.D.,
PRINCIPAL
PERI INSTITUTE OF TECHNOLOGY

Scope of Co-operation

1. Both **PERI INSTITUTE OF TECHNOLOGY** and **SREE TECHNOLOGIES** believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.
2. Industry and institution interaction will give an insight into the latest developments / requirements of the industries. Hence the students can be molded to meet the challenges.
3. The students will be permitted to field visit to increase the knowledge level.

5. **Transfer of Associate**

Please note that Intellect has the right to transfer you to other locations of Intellect or to transfer you to work for its Group companies or for its Clients, at their respective locations, whether in India or abroad as per the business requirements.

6. **Medical Fitness**

You are required to continuously maintain yourself in a state of good medical fitness so as to perform well and to discharge your assigned responsibilities adequately while in employment. If at any point in time, during your employment with the Company, you are found to be medically unfit for the job or the role assigned to you, then your services can be terminated as per the Company rules notwithstanding anything mentioned in this document or otherwise. You agree to submit yourself for any medical check-up at any time if called upon by Intellect or its clients when assigned to work at their premises.

7. **Associate Representation:**

Your appointment with the Company is solely based upon the representations, made by you, regarding your qualifications and/or experience, which the Company has relied upon. If it is found at any point of time that your representation regarding your qualifications and/or experience is incorrect and/or false and/or fraudulent and/or forged, the Company shall, WITHOUT PREJUDICE TO ITS ANY OTHER RIGHTS, terminate your services with immediate effect and without notice period & without incurring any liability whatsoever thereof. Notwithstanding anything contained herein, you shall indemnify and hold the Company harmless from all cost, losses, damages and liabilities that may have been caused to the Company due to such incorrect and/or false and/or fraudulent and/or forged representation. Company shall be entitled to seek specific performance or other injunctive or equitable relief as a remedy apart from claiming indemnity from you, without limitation, for hiring charges of Rs.500,000/- (Rupees Five Lakhs only). By signing this letter, you also irrevocably consent to the Company to initiate and perform all necessary background checks as may be required in and during the course of your employment, either by Company or through any third party authorized by the Company in this regard.

8. **Notice Period & Termination:**

Your employment may be terminated by either party upon giving 90 days notice or 90 days salary in lieu of notice period (Whereas salary in lieu of notice period as an option can be exercised by the employee only upon approval from the Management). "Salary" for the purpose of notice period will mean Compensation as in CM1 and CM2 and will not include any other perquisite including APDP (CM3).
